

## Virtual Team Building Experiences

# We're in Uncharted Times

It's been hard working from home. Among many things, people miss the camaraderie at the workplace. People are feeling stressed, anxious and even scared about the future.

For over 20 years Steppin' Out has facilitated team building experiences to get your teams working in new ways and always making it fun.

Now we feel that we are on a mission to be that FUN DISTRACTION that's needed right now. Show your employees you care about their well-being by offering a fun way to keep your employees engaged, motivated and connected.

**We even think the morale booster will show up by increased productivity.**

# You Don't Need A Lot of Time

There's lots of ways to introduce the team building events without taking up important work time. Maybe it's a Friday afternoon happy hour or during a lunch break. Make connections remotely with a unique, game-sharing experience like no other! Participants collaborate virtually to foster team building, networking and building a sense of community.

Engaging and fun for everyone - remotely!

See which of the two programs is best for you.

# Steppin' In

This is a collaborative, interactive game designed to facilitate a lively team experience – all from the comfort of home!

Our professional emcee greets all participants as they “arrive” (via live video conference, i.e., Zoom) with a spirited team activity. The group is split into breakout room “teams,” each led by one of our enthusiastic event staff. Using screenshare, whiteboard and other tools, each facilitator guides their team through a variety of brainteasers, visual puzzles, trivia questions and physical and creative challenges that foster creativity, team bonding and build community! Teams must collaborate and communicate in order to earn maximum points. During the game, the emcee might pop into a breakroom or send messages of encouragement while teams battle in this interactive contest of smarts, creativity and quick thinking!

## Sample Challenges May Include:

- Trivia Questions
- Get Out of your Seat Challenges
- Visual Puzzles and Riddles
- Pictionary
- Talent Contest
- Minute to Win It Challenges

We're all on the Same Team: Activities that will be shared with the everyone at the event wrap-up

Occasionally during the session and at the end of the competition, teams reconvene for a large group activity and networking. With the end followed by a virtual award presentation and the announcement of the Team Challenges Champions!

# I QUIZ

Participants meet up via live video stream (such as Zoom), download the game code onto their personal devices, get to know each other in a collaborative setting and enjoy a little friendly competition. The aim of the game is simple... score as many points (and donation items for CSR Events) as possible before running out of time. Strategy is the key to winning the contest!

iQuiz begins with a colorful gameboard and a series of 12 landing spaces, each featuring a variety of clever questions, riddles, visual puzzles, team photos and video challenges. Players must communicate and work together in order to progress – all while racing against the ticking clock! As teams accumulate points, their donation stockpile also increases.

**Participants complete energizing challenges such as:**

- Snap a photo of your team displaying a message of unity on the screen
- Capture a video of one of your team members telling their best joke
- Answer this question: “Guess the name of this country based on this outline.”

The next thing you know---BUZZ! Time's up! At the conclusion of the program, the Game Master plays a slideshow of team photos that were submitted during the game, followed by a virtual award presentation for the winning team. And, for CSR Events - A representative from your selected charity joins the group to say a few words (if available). Collected donation items are delivered directly to the organization.

# PRE- WARM UP ACTIVITIES

**Add a 20 minute group activity before the games begin–**

**Some ideas include:**
