Another amazing ski trip in the books!

Each group trip continues to become more amazing and spectacular than the one before! Our Jackson Hole 2024 trip exceeded expectations! We were gifted with three feet of snow in the first 24 hours that added so much excitement. The facility said they had not seen this much snow in the area in over 15 years. I have never seen this much snow in my life, and I live in Chicago!

The snow added some adventure because some of our group travelers chose to drive from Denver to Jackson Hole after flights were rerouted and cancelled. We were happy everyone was able to arrive safely. Once settled, we had an incredible time at our hoedown mountain dinner. Our group had a blast tearing up the dance floor.

Because our ski trips continue to grow and improve, we are ready to promote our Telluride ski trip Feb 22-March 1, 2025. Because we are committing early, the 2024 prices will be active exclusively for our group. We are glad to offer an extended installment plan for payments.

See below for details.

Trips, Trips, and More Trips!

Telluride- 2025

As I mentioned above, we are so excited about our 2025 Telluride Ski trip. It truly is a ski lover's paradise located in southwest Colorado's majestic San Juan Mountains. The ski areas have both mild and tough terrains accommodating beginners and challenging for the experts!

The Peaks Hotel is a ski-in, ski-out facility where they have outstanding ski valet service, a five story spa, an amazing lounge, and truly pamper the guests during the stay. We were shocked at what tremendous value this resort is compared to other four-star hotels in the area that are much more expensive. It is the perfect combination of luxury and affordability.

A \$100 down payment before March 31 can provide you with a 12-month installment plan for the early bird pricing. We want you to be there for fun, friendship, and an amazing hotel!

The Kingdom of Bhutan

With a Pre-trip to Kathmandu

Next Set Departure:

11/9/2024 - 11/22/2024

I cannot wait for the next trip to Bhutan because I love it more and more each time I visit! Bhutan is known for happiness, and I am hoping you will join our group to enjoy the lush landscapes and peacefulness this trip offers. Bhutan is a natural preserve because they limit tourism to protect their environment and culture. Our group is very privileged with a chance to visit such a phenomenal destination.

Sixty percent of the country is natural forest preserve offering visuals unlike anywhere you will ever visit. There is natural beauty nature around every corner that you may turn. The Bhutan people refer to tourists as their guests. Our itinerary allows us to meet and interact with a diverse group of people ranging from a prayer flag street salesman to an American who brought baseball to the locals. Their kindness towards our group is unmatched and must be experienced to be believed.

This trip offers a variety of activities that are both physical and calming. The hiking and rafting are sure to get your adrenaline pumping, but the cooking and meditating with the monks allow for calm enjoyment. We are invited to participate in vibrant local festivals and also camp peacefully beneath the starlight skies. The excursions guarantee unmatched adventures and lasting memories that offer a chance to fully appreciate Bhutan's uniqueness.

Since we are departing from Kathmandu, there are two pre-Bhutan trip options to Nepal. The first option leaves on Nov 4 and then visits Nepal's Chitwan National Park with the hope of seeing Bengal Tigers and exploring Kathmandu. The second option is to arrive on Nov 7 and partake in the Kathmandu exploration. With either option, we would love for you to be part of our group! Click the link below to learn more!

PS-- There is one flight a day from Kathmandu to Bhutan which is why we are encouraging people to sign up as soon as possible.
