Belize Adventure Recap

We've just returned from an unforgettable adventure in Belize, and it was nothing short of magical! This tropical paradise offered us a chance to explore its breathtaking ecosystems, from vibrant coral reefs to lush jungles. We wandered through ancient Mayan ruins, each step echoing the rich history of the land.

Our journey was enhanced by the opportunity **to connect with the local communities.** From learning how to make traditional dishes with local chefs to diving into Belize's environmental efforts, we saw firsthand how the people here are preserving both culture and nature. We worked side-by-side with community organizations, participating in beach cleanups (a small but necessary task to save the reef) and supporting sustainable initiatives that are vital to this stunning destination.

Belize opened our eyes to how adventure can be both thrilling and meaningful. The warmth of its people, the beauty of its landscapes, and the depth of its culture have left us with memories that will last a lifetime. It was an adventure of discovery, connection, and supporting people who are trying to make a difference. We can't wait to share more about this extraordinary journey!

Starting January 1, 2025, tourists from visa-exempt countries wishing to enter Israel will be required to complete an online application form, the ETA-IL, prior to their trip. This new policy aims to streamline entry procedures, with tourists receiving approval or refusal within 72 hours of submission.

The form is mandatory for all travelers arriving from countries where a visa is not required for entry. A fee will apply for submitting the application, similar to the procedures in place for visa-exempt tourists traveling to the US, UK, and other countries. The approval will remain valid until the expiration of the passport used in the application.
